## EDUCATION

### **Humber College, Etobicoke, On—Web Development**

Sept 2022 - Sept 2023

Learned all the critical aspects of becoming a great web developer

### **Seneca College, Toronto, ON—Entrepreneurship and Small Business Administration**

Sept 2019 - April 2022

Learned many valuable business skills that I take advantage of every day. Graduated with honours

## PROJECTS

### **Portfolio Project—Built with PHP, MySQL, and Laravel CMS**

This project was an integral aspect of my backend skills to make a simple webpage using PHP rendering associated with a Larave CMS system. As well as a great way to show off the following projects.

Portfolio: [www.bassilyounes.com](http://www.bassilyounes.com)

### **GiftStack—Built using ASP.NET with C#**

This project was made to fix my bad track record of forgetting to get gifts for the various people in my life. GiftStack stores gifts and their respective recipients as well as the events themselves, all built using web APIs.

### **ShoeShop—Built using Node.js, MongoDB, Express, and Pug**

This app displays knowledge of Node.js and MongoDB by creating a simple shoe shop that displays responsive database content

### **Laser Pointer—Built with an Arduino, servos and Visual Studios in C#**

This project is a laser pointer that is controlled by mouse, I built this project completely from scratch with little to no robotics experience.
